

MEDIA RELEASE

Number: 1/2019 Date: 16 January 2019

KIMBERLEY PORTS AUTHORITY OFFICE RELOCATION

Kimberley Ports Authority offices will be amalgamating into the Toll Mermaid building at Lot 549 Port Drive on Friday 18 January, 2019.

The initial move will include Head Office, Finance and Engineering staff from two separate buildings relocating into the newly renovated office. Operations will remain at the 401 Port Drive, located adjacent the wharf, until February when they too will relocate to the Toll Mermaid building.

CEO, Kevin Schellack stated, "It will be the first time in 10 years that the Broome KPA team will be based in the same office. This should create operational efficiencies and reduce KPA's costs.

Port customers and the community should benefit with processes and approvals being streamlined, improving response times to requests and queries."

Some maintenance staff will remain at the workshop, near the slipway, as much of their work is carrying out repairs which requires proximity to the wharf.

All contact information will stay the same with phone numbers, email addresses and post office box details remaining unchanged. The new office will have KPA signage out the front so that visitors can easily identify the office.

"The Operations office, located upstairs at 401 Port Drive, will be available for sub-leasing from March 2019," said Mr Schellack.
